

National Institute of Technology Calicut
Department of Computer Science and Engineering
CS3095D DATABASE MANAGEMENT SYSTEMS LABORATORY
S5/S7 B.Tech - Monsoon Semester 2022

Exercise No: 08
GraphDB

Evaluation plan

About the tool for graphDB: Students have to use the neo4j graph database (<https://neo4j.com/docs/desktop-manual/current/installation/download-installation/>) for their Lab exercise.

Lab Evaluation details:

1. Question Paper explains a database problem and students have to create the database using neo4j. After that some queries on this database will be asked in the question paper and students will have to solve using the neo4j tool mentioned above. (Timing: 2PM to 3.30 PM, Marks: 3 Marks)
2. Viva will be asked on GraphDB concepts. (Timing: 3.30PM onwards, Marks: 2 Marks).
